

TIB KAT® 9100

TIB KAT® 9100 is a drier formulation which can be used as a drier in following applications:

- curing of alkyd paints
- Curing of oxidative curing paints

TIB KAT® 9100 shows a high effectivity as an oxidative dryer. The effect of Manganese can be negative influenced by high humidity.

Product data

Chemical name	Manganese based formulation
Density (20 °C)	0.950 – 1.000 g/ml
Delivery from	Clear, middle-viscous
Colour	Brown-red liquid

Typical Data

Mn-content	> 7 %
------------	-------

Storage

TIB KAT® 9100 can be stored at room temperature in original sealed packaging half a year. Opened drums should be closed immediately after use.

Packaging

200 kg plastic barrels
25 kg plastic drums

Packacking size upon request.

Special advice for security

Information concerning:

- classification and labelling according to the regulations governing transport and hazardous chemicals
- protective measures for storage and handling
- safety measures in case of accident and fire
- toxicity and ecological effects

is given in our material safety data sheet.
