

TIB KAT[®] 410

TIB KAT 410 is a liquid catalyst based on DOT-softener compound.

TIB KAT 410 can be applied for the curing of silicones and silane systems, especially for 1 k MS silyl polymer.

As **TIB KAT 410** is sensitive to hydrolysis, contact with moisture has to be minimized. Inertization of once opened drums with nitrogen is recommended.

Storage

TIB KAT 410 can be stored at least one year if kept closed in the original packaging.

Packaging

25 kg plastic drum,
other packaging size upon request.

Special advice for security

Information concerning

- classification and labelling according to the regulations governing transport and hazardous chemicals
- protective measures for storage and handling
- safety measures in case of accident and fire
- toxicity and ecological effects

is given in our material safety data sheet.

Customs Tariff No.: 38159090

Product data	
Formula	proprietary formulation
State of aggregation	liquid
Specification	
Tin content	9,0 – 11,0 %
Colour (Gardner)	≤ 5

Issue / April 17
