

**TIBCHEMICALS**

## TIB Lux NPS

### Product Data

Chemical name	Naphtholpolyether, sulfonated
Solubility	Miscible with water at all concentrations
Colour	Yellow to brown liquid

### Analysis

Content of active matter	49 - 51 %
pH-value	6 - 7
Colour index (Gardner)	< 3

### Application

**TIB Lux NPS** is an anionic detergent.

**TIB Lux NPS** is suitable as a raw material for the formulation of additives in different electroplating applications, e.g. as a digesting agent for brighteners used in acid zinc baths.

### Storage

**TIB Suract NPS** has a shelf life of min. 12 months, if stored correctly in dry areas and in its original closed packaging at room temperature.

### Packaging

Container: 1.000 l 1.000 kg  
Plastic drums: 220 l 200 kg

### Special advices for security

Information concerning

- ♦ classification and labelling according to the regulations governing transport and hazardous chemicals.
- ♦ protective measures for storage and handling
- ♦ safety measures in case of accident and fire
- ♦ toxicity and ecological effects

is given in our material safety data sheets.

### Customs Tariff Number

3402 1190
